

OUT OF THE BLUE

WIND ENERGY AND WIND TURBINES

This new video has been produced with support from the Danish Energy Agency and the Danish Wind Energy Association. It provides a comprehensive and informative introduction to wind turbines and wind energy. Running time is 28 minutes and the video looks at the history of wind power, how a turbine works and the environmental and social aspects of wind energy.

Highly recommended by REIO, the video is priced at 10 Euro (incl. p&p)
